2024 Alaska Symphony of Seafoods winners named

In Juneau, Alaska on February 21, 2024 at a combined Alaska Symphony of Seafood and Legislative Reception co-hosted by Alaska Fisheries Development Foundation and United Fishermen of Alaska, the winners were announced. The Alaska Symphony of Seafood is a competition since 1994 for commercial-ready, value-added products made from Alaska seafood. The Symphony is an exciting platform that encourages companies to invest in product development, helps promote those new products and competitively positions Alaska seafood in national and global markets.

US Senator Dan Sullivan (R-AK) and US Representative Mary Pelotla (D-AK) attended and presented awards, along with major sponsors Alaska Seafood Marketing Institute and Bristol Bay Regional Seafood Development Association and other industry leaders. There were approximately 200 people present.
